

MIRAI Seminar
Including Large-Scale Research Facilities, and their Potential for Research and Society
Lund, 17-19 October 2017

INNOVATION WITHIN MIRAI: TOWARDS A BI-NATIONAL MODEL

Target group: MIRAI Scientific Committee members, funding agencies in Sweden and Japan, and Innovation centers within MIRAI project

17 October 2017 (Venue: Universitetshuset - Room 206)

- | | |
|--------------|--|
| 13.30 | Japanese and Swedish Strategies, Tools and Models for Bilateral Research Collaboration and Innovation
<i>Dr. Yoshimasa Goto, Executive Director, Japan Science and Technology Agency (JST)</i>
<i>Dr. Joakim Appelquist, Director and Head of Division, International Cooperation, Vinnova</i> |
| 14.15 | Questions |
| 14.35 | Coffee break |
| 15.00 | Round Table Discussion: Incorporating Innovation in the MIRAI Project
The discussions will be facilitated by innovation experts and it is the ambition of the meeting to cover the following questions: <ul style="list-style-type: none">- From the perspective of innovation, what do we want to accomplish with the MIRAI project and its innovation track?- Based on our expectations of MIRAI, what challenges in working with innovation do we foresee?- Based on our collective experiences, what learnings can we bring to the MIRAI project?- Who needs to be involved to combat the challenges? How do we involve them? |
| 16.15 | Wrap up – The MIRAI Road Map of innovation |
| 17.00 | Closing |
